Re: Sirenza Patent File Transfer

Dear Mr. Withrow,

Please be advised that RF Micro Devices, Inc. recently purchased Sirenza Microdevices. Prior to this acquisition, Sirenza Microdevices held approximately 83 patents and patent applications (collectively referred to as "files"). These files are currently maintained by the following law firms:

- 2) Haverstock & Owens LLP

- 3) The Law Offices of Boris G Tankhilevich
536 N. Civic Dr., Suite A
Walnut Creek, CA 94597

Office Nurnberg, Bankgasse 3
D-90402 Nurnberg
Contact: Gernot H Schroer

Please contact these firms at your earliest convenience to initiate transfer of the files to your firm. For those files where the applications are pending and there has been at least one office action, I would prefer that the current firm complete the prosecution of those applications. However, if after talking to the attorney or agent responsible for prosecuting those applications, you believe that immediate transfer of the files is possible without delaying issuance of the patents or increasing the cost of prosecuting the application, please proceed with immediate transfer.

Please let me know if you have any questions concerning this request.

Best regards,

Michael Baker, Ph.D., J.D.
